COMMENTS AND RECOMMENDATIONS:

1. All burning on the landfill site must cease. Open burning is not permitted.
2. All exposed material shall be compacted and covered with earth or foundry sand at a required finished cover depth of two feet to prevent unsightliness and insect and rodent harborage. In addition, a comprehensive program of rodent elimination is required as described in previous correspondence.
3. On December 31, 1969, your landfill permit expires. Solid waste as defined by Sec. 3734.01 of the Ohio Revised Code may not be accepted for disposal after this date.
